Little Devils Will Open Season Tues.

The Pahokee Junior High football team will open the season Tuesday, Sept. 28, in a home game with the Belle Glade Junior High eleven on Lair Field, starting at 7:30 p. m.

Other games booked on this year's Pahokee Junior High schedule are: Oct. 5, Clewiston, there; Oct. 12, Stuart, here; Oct. 19, Clewiston, here; Oct. 26, Stuart, there; Nov. 9, Belle Glade, there.

A squad of 25 Pahokee and Canal Point boys, ranging in weight from 80 to 200 pounds, are reporting for regular afternoon practice sessions for the opener. The training of the junior squad is under the direction of Leland Keene, Pahokee Junior High coach, and George Wilkerson, athletic director at the Canal Point School.

Included in the squad are Glen Levins, Richard Phillips, Kenneth Sullivan, Michael Wilson, Wayne Sellers, ends; Alton Peacock, Richard Hutton, Eddie Crews, Woody Strayer, tackler; Willie Veal, John Usher, Buddy Keen, Rusty Hall, Ed Cooper, Wayne Unwin, Donald Clifton, guards; Earl Kelly, center; Richard Shackford, Tripp Alderman, quarterbacks; Willie Joyner, Wayne Hill, Franklin Smith, Bobby Mobley halfbacks; Donald Thompson and Arthur Wilson fullbacks.

The public is urged to give its support to the Junior High home games as the boys, sixth through ninth grades, making up the Junior High squad need your encouragement and help in their athletic program. These games are interesting to watch and what the baby Blue Devils may lack in skill and polish they certainly make up with the vim and vigor they put into their

plays. Coach Keene reports there are other boys at the Pahokee and Canal Point Schools, in addition to those listed above, who would like to join the squad but the school just doesn't have the padded uniforms and other safety equipment for practice workouts of a larger squad at the present time. Good gate receipts at the Junior High games would help in the purchase of this needed equipment, he said.

Kautz To Open New Plumbing, Electric

Painters and carpenters have completely redecorated the room in the Rardin Building in Canal Point formerly occupied by the post office. Henry Kautz has rented the room and will open a plumbing and electric business there next week. He will operate under the firm name of Kautz Plumbing and Electric.

To add to the attractiveness of the room Mr. Kautz will occupy, 2 new show windows were put in to replace the old-style windows which were originally built to accommodate the Bank of Canal Point. The entire Rardin Building has been given a fresh coat of paint which adds to its attractiveness in the heart of the business section of Canal Point.

The Rardin Building is occupied by The Everglades News, U. S. Post Office, Pahokee Drainage District and Kautz Plumbing and Electric.

Col. and Mrs. W. S. Evans have returned to their home at Port Mayaca after spending the past six weeks with friends and relatives in Kentucky, North and South Carolina.

Hibiscus Circle Has 6 New Members

Six new members were received by the Hibiscus Garden Circle at the first meeting of the fall season held at the home of Mrs. Lloyd Hundley Tuesday morning. They included Mrs. James Vandegrift, Mrs. J. W. Reel, Mrs. O. D. Carpenter, Mrs. W. A. Slauter, Mrs. Frank Tillis and Mrs. Robert Whorley. Mrs. L. W. Armstrong was voted an associate member of the circle.

It was ruled that from now on, applications for membership may be submitted through any circle member. In the past membership was through invitation only.

Mrs. Ruth Meredith, public parks supervisor, reported that during the summer residents on Cypress Avenue were offered young cypress trees and residents on Flame Avenue, royal poinciana trees, for plantings on their lawns. She also said 250 additional ixora plants were set out along the west border of Ivora Park the past two months. Mrs. Carl Kolstad was elected secretary to fill the vacancy left by the resignation of Mrs. W. A. Keen.

It was announced Mrs. Jacqueline Haynsworth of Fort Pierce, district director, will be guest speaker at the luncheon meeting of the Pahokee-Canal Point Garden Club in the Community Park building at Canal Point Tuesday, Sept. 28.

APPRECIATION

After a little more than three weeks in an Army hospital I am now able to be back on duty. I shall always remember these kindnesses. My wife and son join me in extending sincere thanks.

From where I sit... by Joe Marsh

Slugger Wins the "Home" Game

Slugger White, the home town's star hitter, dropped by the other day to talk baseball, and to "tell one" on himself.

Seems Slugger had been baby-sitting. "I was doing just fine," he said, "until it was time for a 'change.' I called Mom for advice. Still didn't get it right. Then Dad set me straight."

"Place the diaper like a baseball diamond with you at bat," he said. "Fold second base over home plate, and pin first and third base on home plate." That did it—with no errors!

From where I sit, Slugger's Dad had the idea. Often, like his Mom, a lot of us tend to give advice in our terms without considering the other fellow's way of doing things. Even in choosing your favorite beverage, it's best to think of your neighbor. If you like tea, and I prefer a temperate glass of beer, we should both "play the game" and try to understand each other's point of view.

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 ... a \$37.50 Bond will be worth \$67.34 ... and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 ... in 9 years and 8 months, you'll have \$2,850.70 ... and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure; it's automatic. And you will be helping yourself and your country!

**If you want to be paid
your interest as current income—
invest in 3% Series H**

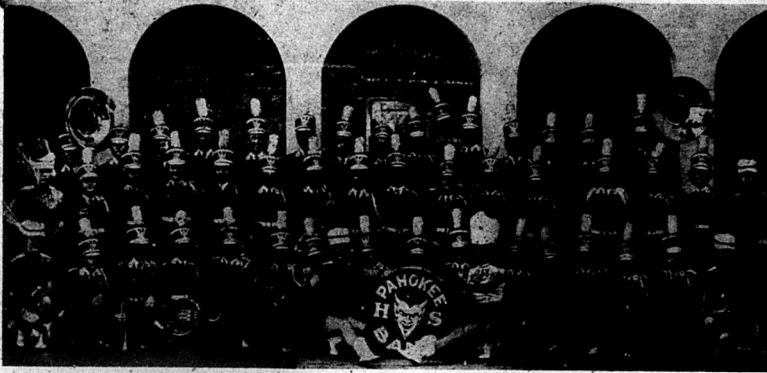

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Now even better! Invest more in Savings Bonds!

Defense is your job, too!

THIS IS A DAY OF DREAMS COME TRUE... for the returning Korean War veterans pressing against the ship's rail and for their loved ones waiting on the dock. The counted days of waiting are over. The nightmare of war is behind them. These boys have seen far across the seas doing a hard, dirty, bloody job... a job of defense—for you.

But defense is your job, too. It is our job to help make America's economy as strong and dependable as these men have made her military power. And your job can be not only easy but rewarding—in financial security for you and your family. Just buy U.S. Defense Bonds. Buy them now and buy them regularly. For your bonds and other forms of saving can make America strong. And in this warring world, *strength* is America's surest guarantee of peace.

So sign up for bonds today—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank. For your security and your country's, too, buy United States Defense Bonds regularly!

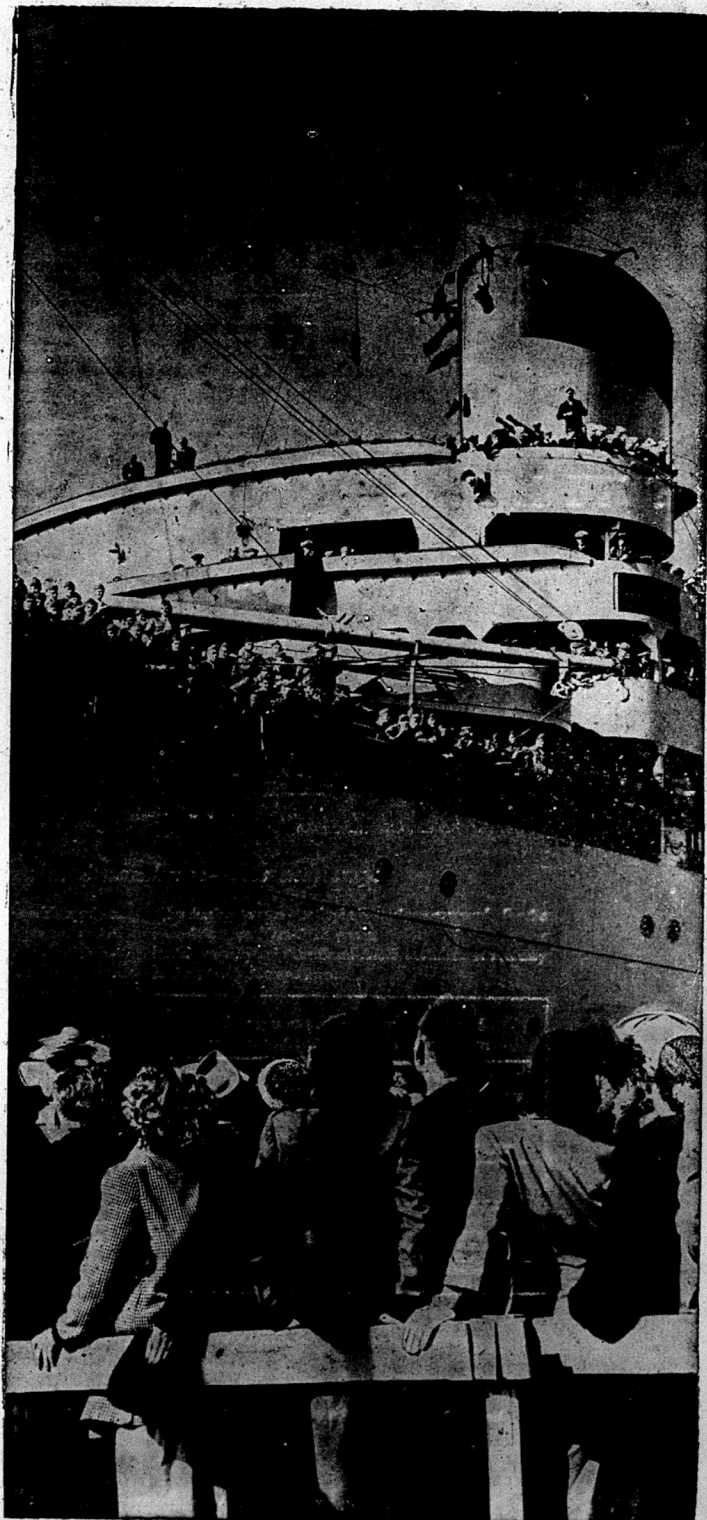

The U. S. Defense Bonds you buy give you personal financial independence

Don't forget that bonds are now a better buy than ever. Because now every Series E Bond you own can automatically go on earning interest every year for 20 years from date of purchase instead of 10 as before! This means that the bond you bought for \$18.75 can return you not just \$25—but as much as \$33.33! A \$37.50 bond pays \$66.66. And so on. For your security, and your country's too, buy U. S. Defense Bonds now! Bankers recommend them as one of the safest forms of investment.

WHICH ONE DO YOU WANT?

you can have your dream house—this easy way!

A dream? Not at all. Thousands of people with modest incomes have been able to save the down payment, or the whole price, of the home of their dreams—because they invested in U. S. Savings Bonds on the Payroll Savings Plan. Look at the chart on this page. See how you can accumulate enough money for the down payment on a home. Or enough for your children's college education or a retirement income. And by saving only a few dollars a week, too.

The answer is that you save *systematically* on the Payroll Savings Plan. All you have to do is tell your pay office how much you've decided to save each payday (it can be as little as a couple of dollars). After that your money is saved for you, *before* you get your salary. Then each time enough has accumulated, it is invested in a Bond, and the Bond turned over to you.

And remember—your U. S. Savings Bonds now will bring you an average of 3% interest, compounded semiannually, for 19 years and 8 months. That's why the money you put into Bonds now grows to such a surprisingly big sum.

Why don't you start—today? Sign, where you work, for the Payroll Savings Plan. Or, if you're self-employed, have your banker enroll you in the Bond-A-Month Plan. It's as easy as the Payroll Savings Plan.

How you can reach your savings goal on the systematic Payroll Savings Plan

	If you want approximately		
	\$5,000	\$10,000	\$25,000
Each week for 9 years and 8 months, save...	\$8.80	\$18.75	\$45.00
Each week for 19 years and 8 months, save...	\$3.75	\$7.50	\$18.75

This chart shows only a few typical examples of savings goals and how to reach them through Payroll Savings. You can save any sum you wish, from a couple of dollars a payday up to as much as you want. The important thing is, *start your Plan today!*

Retread On SR15 Progressing Okeh

Work of retreading State Road 15 (US441) between Belle Glade and Canal Point is progressing nicely, according to a statement by County Commissioner Paul Rardin who on Wednesday inspected the construction work along with state officials. Rubin Construction Company of West Palm Beach has the contract for the retread job at a low bid of \$157,775.00.

The leveling course is being put down this week and just as soon as this course is finished the crew will start putting on the finish course. The leveling course of hot plant mix is put down with the aid of a heavy grader and roller. The finish course is put down with a Barber-Greene machine which gives near perfect level riding surface.

The completed job calls for rebuilding the shoulders after the

finish coat is down, Rardin said. The job starts at Belle Glade and runs through Pahokee to Canal Point. Several wide curb-to-curb spots in Pahokee, which are in excellent condition, will not be disturbed, it was pointed out by one of the state road officials.

The contractor is making excellent time on the job and with a break in the weather should have the job completed ahead of schedule.
